Dahlonega Signal.

DAHLONEGA, FEB. 9, 1894.

Entered at the Dahlonega, Ga., P. O., as second class matter.

Some of our side walks are being graveled and sanded.

Robt. Howell and Cicero Wallace have returned from Dalton.

We added several new names to our subscription list sale day.

The maple trees are in bloom and present a spring-like appearance.

The Commencement this year is June 10, 1894, fixed by a recent meeting of the board of trustees.

John B. Stringer, of Graco, Ga., says he contemplates being in the race for sheriff. John is a wide awake fellow and will make a fight to the finish.

The marshal is now equipped with a long whip so as to keep the cows off the square. This will be good news to farmers who visit town with feller.

For reasons unnecessary to state, citizens' letter will not be published awhile, on account of some changes that will probably take place in the near future.

J. C. Stegall and his son Paul have been the guests of the Proprietor of the Signal for a few days this week. They have returned to their homes at Emerson, Ga.

The last Acts of the General Assembly have been received at the Ordinary's office. All officials entitled to them are requested by Judge Williams to come in and get the same.

The decision of the board of education last Saturday in reference to the public school at this place which was decided in favor of Miss Anna Worley, seems to be satisfactory by interested parties. An appeal to the State School Commissioner is talked of.

As we go to press the trial of Henry Cannon who is charged with the murder of Jake Holliday, is progressing. Col. M. G. Boyd represents the state and Col. Baker and Charters the defendant. The object of the trial is to obtain the facts so as to enable the defendant to give bond we suppose.

Under recent act of the legislature every militia district in our county can have a court house built not to exceed \$100 provided the grand jury recommends it. There are several districts in Lumpkin needing such buildings, but we presume a move of this kind will not be made until the treasury gets in a more healthy condition.

The school boys rented a hall at the Burnside Friday evening and enjoyed an old fashioned dance destitute of females. The boys have a good deal of innocent amusement. The worst thing they do to carry a new corner down on the branches, get him down in the mud and water and show him the art of catching snail in a sack.

Not long since a certain darkey was laughing and telling how he used to cheat a merchant who is dead and gone in selling him gold. He said when he got to Rike's shop he would put the gold in his mouth and keep it there until just before reaching the store, which would cause it to weigh several grains more by absorbing the moisture.

The hog pound, which was chopped down some nights ago, has been rebuilt. Now, that darkey who had his hog turned out of the pound on election day free of charge because it was thought that he voted "right," had better not let them get it up any more since finding out that he voted with the majority, for a fine may be issued against him and he be marked down as losing his citizenship of the town.

Enjoy Good Health.
You can easily do it, if you will keep your stomach, the laboratory of your body, in good order. Tryer's Dyspepsia Remedy will do it. It will build you up and give you good health. It stands alone as the best. Send for book of full particulars and be cured. Enjoy good health and be happy. Book free to all. Price 75c per bottle. For sale by druggist.

Dr. Price's Cream Baking Powder
World's Fair Highest Award.

Awarded Highest Honors-World's Fair.

DR. PRICE'S Cream Baking Powder.

The only Pure Cream of Tartar Powder—No Ammonia; No Alum. Used in Millions of Homes—40 Years the Standard.

New students continue to enter College.

We don't know of a single vacant house in town.

Mrs. Henry Ward, recently died in Union County.

A good deal of property changed hands sale day.

The population of Dahlonega continues to increase by new citizens moving in.

Mr. Wheelchel, the father of Dr. Wheelchel of this place spent a few days in Dahlonega this week.

We learn that Jas. Pinner, who resides in Hightower district is very low and not expected to live.

Mr. Samuel Hunter was married to Miss Susy Fortner in the upper portion of this county a few days ago by James Ridley, Esq.

The Ordinary and Clerk approved the claims of thirty-eight pensioners of this county this week—Mexican, Florida and U. S.

Mr. John Bookshier who was shot by Marshal Johnson some days ago is getting along very well and will soon be able to walk.

The grand jury of Hall county has recommended that the salaries of school teachers in that county be abolished. Ours should do likewise.

The people's party of Lumpkin county will be called together in a few weeks for the purpose of being represented in Atlanta at the state meeting in May.

We noticed three grape vine dealers in Dahlonega on one day last week. These men have found out that we have the greatest grape growing country in the world.

Col. Huff's house caught on fire Saturday night by a chunk rolling out on the floor, but was discovered in time to prevent much damage—only burnt a small hole in the floor.

There is a probability now of the Gainesville and Dahlonega daily mail being changed via Auraria. We are informed that the postmaster at this place will recommend the change.

Mr. John Chapman who was to have taught a public school over in Martin's Ford district, has turned it over to the county school commissioner, and will, we learn, leave for Texas in a short time.

Mr. Isaac Woody of this county, was married to Miss Lev Lumsford of Union county, Tuesday last week, Esq. Joseph Caldwell performing the ceremony. This makes Mr. Woody's third wife.

Our merchants should take notice that under a late act of the legislature they are required to have their weights and measures marked by the ordinaries of their respective counties, otherwise they cannot collect more than three-fourths of their accounts.

Mr. Geo. Sissum who is about thirty-years old and four feet high, was the orator of the day at the College Tuesday last. He was owing his State and county taxes and made speeches enough to the boys to get a sufficient amount of money to settle off the same.

Marshal Harrison paid Union county another visit last week, and returned with Allen Jones, a lad 19 years of age and a large still worn. Jones was bound over by Com. Barker for having been caught on his way to a still house, for the purpose of setting the machinery in motion.

The lot of land levied on to satisfy a tax of \$1 against the Hand Co. was sold last Tuesday and full off by Col. R. H. Baker at a little less than \$800, being the amount of taxes due by the Company. Col. Baker is Mr. Wahl's attorney and we suppose it will be added to the list of this gentleman's individual property. Mr. Wahl is the present president of the Hand Co.

Mr. J. F. Moore has a Union Sewing Machine for sale. Go and see it.

The college will soon have to have a new bell on account the old one being cracked.

II. H. Thomas has opened out a beef market in the basement of the New Commissary stand.

Mr. J. B. Hatfield is going to open out business in the stand next door below Bookshier & Jones.

The best medical authorities say the proper way to treat catarrh is to take a constitutional remedy like Hood's Sarsaparilla.

A brother of the Tax Collector of Union county was in Dahlonega the other day and said the report about his brother being killed is false.

Saturday night the frogs were howling like it was spring of the year, and the night following the fish and other ponds almost froze over.

The Rev. Thomas K. Postell of Union county, will, at the request of James H. Satterfield, secretary, preach at Pleasant Hill church, in this county, next Sunday at 11 o'clock, a. m. Subject: "Joyful recognition of the saints in Heaven."

We met the genial Dr. Bart Thrasher on Wednesday last. He is here looking after his claim against the Turkey Hill property, which is a considerable amount of money.

Dr. N. F. Howard showed us a lot of Japanese Walnuts and Japanese Chestnuts last Thursday, presented to him by Capt. Herbert Post, of Fort Worth, Texas. They are the finest ever seen in this country. Nine of the chestnuts weighed half a pound. Capt. Herbert is engaged in the nursery business, and deals in southern seeds, nuts and fruits. The Captain has this to say about the chestnuts: "The Japan mammoth Sweet Chestnut is the most valuable recent introduction for Japan. It is quite distinct from the European varieties, being hardier and the nuts of a superior flavor and sweetness. The leaf is long like a peach leaf, of dark green color, making an ornamental lawn tree. Comes into bearing at two or three years of age. They are heavily laden with nuts of enormous size, measuring four to six inches round, ranging from three to seven in a burr. They are dwarf in habit and can be planted midway the Pecan tree."

Mrs. Harrison Satterfield died in Cause Creek district last Friday night of the grip, after an illness of some two or three weeks; aged about fifty years. She had been a strict member of the Baptist Church for many years and her presence will be very much missed by the good people of that denomination. She was a kind neighbor, loving wife and sympathetic lady. Peace to her ashes.

Parties who sign waiver notes should never take the homestead in order to get rid of the debt. Only a few days ago a poor man of this county had a heavy debt hanging over him and he was misled and took the homestead so as to give himself time to get the money up and settle it, but when sale day came his home was sold and he is now destitute of any place of his own and besides this he is sneered at by almost every creditor and can now get nothing on time.

Mr. N. Harper, an old veteran of both the Confederate and Mexican wars, residing near Auraria, was up last Monday to get his pension claim for services rendered in the old war approved by Ordinary Williams and sent off. The old gentleman is a pitiful looking object, being unable to travel by very little, and that with much difficulty with the use of two sticks, and account of wounds received during the late war. He never fails when he makes his annual visit to Dahlonega to pay for a year's subscription to the Signal in advance.

Hood's This.
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Props. Toledo, O.

We the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by their firm.

West & Trench, Wholesale Druggists, Toledo, O. Wadling, Kinn & Merwin, Wholesale Sale Druggist, Toledo, Ohio.

Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Price, 75c. per bottle. Sold by all Druggists. Testimonials free.

Mr. Edward West was married to Miss Mary Beck, formerly of this county, but now of White, last Sunday.

The Porter property bought \$100 less Tuesday than at the former sale, and went into the hands of Mr. Francis Scholt and Kenzie Porter. All parties seem to be satisfied now.

The following is clipped from the Edgefield (S. C.) Advertiser: "A Georgia paper declares that in future it will not support any man in the county for a public office unless he is a subscriber, as he cannot be posted on public affairs, and is thus unfit for office. There appears to be some logic in the declaration."

Mr. Thomason of Union county, is the greatest turnip raiser in this whole upper country. Mr. J. F. Moore of this place has purchased eighty bushels from him in the last few months for which he paid fifty cents per bushel. This shows that turnips are a very profitable production.

The Atlanta Journal always contains the latest and most important news from every section of country. Of course there are papers published in Georgia containing more reading matter than the Journal, but it never fails to give its readers the cream of the news from all parts, and what more do you want or expect?

The matrimonial fever has struck White county, and it is said that Bro. Glenn, of the Progress, is standing in a peculiar mode before the pool of matrimony, and it is believed he will soon be immersed, then the editors potent talent will show more brilliantly in the Progress than ever before, and he will learn to sing too, something like the following familiar air.

By, O, by baby mine,
By, O, by baby.

Dr. N. F. Howard showed us a lot of Japanese Walnuts and Japanese Chestnuts last Thursday, presented to him by Capt. Herbert Post, of Fort Worth, Texas. They are the finest ever seen in this country. Nine of the chestnuts weighed half a pound. Capt. Herbert is engaged in the nursery business, and deals in southern seeds, nuts and fruits. The Captain has this to say about the chestnuts: "The Japan mammoth Sweet Chestnut is the most valuable recent introduction for Japan. It is quite distinct from the European varieties, being hardier and the nuts of a superior flavor and sweetness. The leaf is long like a peach leaf, of dark green color, making an ornamental lawn tree. Comes into bearing at two or three years of age. They are heavily laden with nuts of enormous size, measuring four to six inches round, ranging from three to seven in a burr. They are dwarf in habit and can be planted midway the Pecan tree."

The payment of widow's pensions commenced in Atlanta on the first day of the month, and it will not be long now until those residing in Lumpkin county will receive attention. There are now 4,053 widows in Georgia drawing pensions. Four hundred and twenty of them drew their money in Atlanta on the first, amounting to \$15,000. Fulton county has the largest number of widows—175, and Camden has the smallest number—only three. The Journal says "the records show that the widows are dying off at the rate of seventy-five or eighty every year. Of course as they grow older, the death rate will increase, and it is safe to say that within forty-five years there will not be a widow of a Confederate soldier in Georgia. They are rapidly passing away, as are the veterans themselves, and it will be but a short time before the men who took part in the greatest struggle the world ever saw, will be but a memory on history's page."

WHY HOOD'S WINS.
President Lincoln said, "You cannot fool the people a second time." They are too quick to recognize real merit or lack of it, and clinging only to those things which they find to be what is claimed for them.

It is especially gratifying that the sale of Hood's Sarsaparilla increases most rapidly in those sections where it is best known. The inference is plain. Hood's Sarsaparilla has proven that it possesses genuine merit. It maintains a high standard, which others cannot even approach. It is the people's favorite blood-purifying and building up medicine, and is more popular this year than ever before. All this because Hood's Cures.

Dalhousie Signal.

DAHLONEGA, FEB 16, 1894.

Entered at the Dalhousie, Ga., P. O., as second class matter.

No mail was received here from Atlanta Saturday.

A farmer from Union county brought over a load of cabbage Friday which realized him about one dozen dollars.

The impounding of hogs last year didn't seem to be any benefit to the town, as not a cent was received by the treasurer.

Little Henry Hensley picked up a nugget of gold on the outskirts of the town the other morning which realized him \$1.03.

We are informed that the best of school teachers in Lumpkin county will not be paid exceeding \$26 per month this year.

The pulpit at the Methodist Church last Sabbath was occupied by Dr. N. F. Howard on account of the sickness of the pastor.

Crotala, encephalitis and all kind of diseases cured by Dr. J. S. Swartz, which by its ridding and alternative effects, makes pure blood.

Do you want Tom W. as an excellent journal—People's Party Paper—and the Signal one year? If you send us in \$1.75 and you shall have them both.

Now that the college bell is broken, wouldn't it be such a nice thing to have a large clock put in the tower that could be heard strike for miles around?

A slight error occurred last week in our statement of the amount of fine money that was paid over by the town marshal last year. It was \$27.50 instead of \$17.

Dr. N. F. Howard has sent to Texas for a lot of the Mammoth Japanese Chestnuts to plant. Others found of chestnuts weighing an ounce, should follow the Doctors' example.

We are informed by Mr. John Chapman that he has not turned over his school to the county school commissioner as was reported in last week's paper, but will teach it unless he decides to go to Texas in a few days.

The town council had another meeting Thursday afternoon of last week. Councilman Reese tendered his resignation, which reduced the membership of our town managers to two acting councilmen and a mayor—being Messrs. Williams, Head and Ingorsoll.

The two suits of C. B. and J. J. Thrasher against F. B. Pratt, principal owner of the Turkey Hill property, was compromised and settled last week by the payment of \$1,800. Now, there is no stumbling block in the way and everything can move along smoothly.

Col. Baker informs us that the property purchased by him on sale day was not for Mr. Christian Wahl, but was bid off for Mr. F. R. Fawell, a member of the Hand Gold Mining Co. It might also be well enough to state that Col. Baker is not the Attorney of the Company either.

After an investigation of several hours on Thursday last week, Henry Cannon was bound over to the killing of Jake Hollifield by cutting him in the arm some months ago. It is thought that, after examining the testimony, Judge Wellborn will fix such a bond that the defendant will be able to give.

WANTED.—Wanted two men to act as councilmen of the town of Dalhousie for the year 1894, to be compensated monthly with criticism and abuse. Must come well recommended as being aristocrats or in harmony and well wishers of the same. P. S.—Persons who part their hair in the middle are preferred. This Feb. 8, 1894.

It May Do as Much for You. Mr. Fred Miller, of Irving, Ill. writes that he had a severe kidney trouble for many years, with severe pains in his back and about his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure all kidney and liver troubles and gives almost instant relief. One trial will prove our statement. Price, 50 cents per bottle. At E. C. Cartledge Drugist.

The ground has been wet enough several times this week to set out cabbage plants.

Mr. J. V. Harrison took charge of the Marshal's office in July, and has destroyed 200 stills.

We had an early mail Tuesday, reaching here at four o'clock. Charlie Meaders had charge of the "ribbons."

We learn that Mr. Elh Howell, who recently returned from the west, anticipates doing business probably at the J. W. Sifton stand, at an early day.

It always pleases us to hear a young man erasing any misspelled words that sometime appear in a newspaper. It shows that he is improving in his studies, and may reach the head of his class sometime if he just keeps on.

We are informed that a suit will be commenced soon to recover some property which was sold here last sale day, on the grounds that it was an illegal sale on account of the ad. not appearing in both the county papers alike.

Frank Porter was arrested by Sheriff Brookshire in Chastate district last Saturday charged with taking on an overdose of liquor and being connected with a riot at the precinct in that district during the last representative election. He made bond.

The editor has been unable to be up to the office for some days since a hog killing took place at his home. He is receiving the best of treatment and pieces of backbone pie is being administered to him in large doses three times a day just after seating him at the table. It is believed he will be able to be out by the time the "medicine" is all exhausted.

Marshal Harrison destroyed another illicit distillery in Chastate district a few mornings ago. Tuba containing 1,500 gallons of beer were cut down, and a keg of ten or twelve gallons of whiskey was discovered near by. The proprietor of the establishment was absent and the officials having no one to entertain them tore up things and left out.

If the daily mail is changed via Auraria, an effort will be made by the citizens in the neighborhood of Wahoo post office, to be supplied with their mail three times a week. Under the present system a letter or paper sent from this place to that office goes around by the Niagara Falls, Gainesville, Lula, Cleveland and doubtless other places before it reaches its destination, and becomes rather old and musty before it reaches the eye of the reader. Garden seeds sent by Congressmen to his constituents in that vicinity would almost spoil and before being received.

Not long since a mining company refused to put an ad in the Signal, because, so the attorney said, we were opposed to chartered companies. We do not know how this impression got out for we favor any and all kinds of operations that are run in a legitimate manner, but when operated otherwise, we will expose their tricks and fight them to the end. Wouldn't be at all surprised that if the truth was known the company was short of means and this is the only way it had to "soft soap" us. Generally speaking, these chartered mining companies are but of very little benefit to our country. They buy up all the land they can get, dig a few ditches—cutting them through any one land, regardless of whether the owner likes it or not—who is unable to help himself, goes around a little and then stop. We know of one company owning near 4,000 acres of valuable mining land in this county to-day that will not work it nor allow no one else to do so. Who or what does this benefit?

A Quarter Century Test. For a quarter of a century Dr. King's New Discovery has been tested, and the millions who have received benefit from its use testify to its wonderful curative power in all diseases of Throat, Chest and Lungs. A remedy that has stood the test of time and that has cured so universal satisfaction is no exception. Each bottle is positively guaranteed to give relief, or your money is refunded. It is especially adapted to be the most reliable for Coughs and Colds. Trial bottle free at E. C. Cartledge Drugist, Large 50c. and \$1.00.

Dr. Price's Cream Baking Powder Most Perfect Made.

Awarded Highest Honors—World's Fair.

DR. PRICE'S Cream Baking Powder.

The only Pure Cream of Tartar Powder—No Ammonia, No Alum. Used in Millions of Homes—40 Years the Standard.

Rev. Mr. Ledbetter has been on the sick list for some days.

Mr. Charlie Harris has been suffering with grip and bronchitis for several days, but is on the mend.

Mr. Will Jones had a severe attack of the grip last week but is now at his post of business in the store.

Dr. Roads of Dawson county, has been spending several days in Dalhousie in attendance upon his sick brother.

Don Howell went in washing in the ditch last Friday and apparently enjoyed it. This is nothing strange for Don.

Frank Grison, residing a mile or so east of Dalhousie at his father's, has been dangerously ill with pneumonia, is slowly improving.

There is a child residing near Dalhousie whose birth day will come only once in every four years. It was born Feb. 29th, 1892.

Our market was crowded with butter Saturday and many were unable to dispose of a single pound and had to carry it back home.

If you want to see a nice, clean market, step into H. H. Thomas'. Everything is as neat as a pin, and in hot weather meats can be kept as cool as a cucumber.

Miss Caldonia Marr of Dalhousie, was married recently to William Porter, formerly of this county but now of Tennessee. They will make that state their future home.

The ordinary informs us, that some property was recently sold on sale day which had been levied on by a certain bailiff in this county two weeks before he made and filed his bond.

Mr. Frank Waters and his lady of Ellijay, Ga., are visiting friends and relatives in Lumpkin county. They arrived in Dalhousie Monday afternoon and were the guests of Sheriff Brookshire.

Why send off and give a nickel for a little wad of sugar coated popcorn when you can raise and prepare it just as well and much cheaper right at home? Learn to keep more money at home, then times will be better.

Boy Thomas cut his hand severely Friday evening while engaged at his market cutting beef, by his hand slipping over a knife blade. It was a combination tool, with a saw on one part of the blade and a knife on the other, and he was using the saw when receiving the injuries. The wound bled freely and he had to be carried home. Drs. Wheelock and Howard were called in—sawed up the wound and Mr. Thomas is at his place of business again.

It is said that a certain person, who owns and controls several hundred acres of mining property in this county, was heard cautioning one of his "chances" to "watch everything closely, for men could not work at 50 cents per day and be honest." This is a very hard for a poor laboring man to have to take off of a "shark", but the one who tells and makes men rich are general in a condition so to be unable to help himself, and he to bow at his masters calling. If this party desires to encourage honesty he ought to raise their wages. There is a time coming when we will all receive the same treatment, either high or low, rich or poor, and that will be when they are let down in a 4x6 foot hole and covered with dirt.

HUNDREDS OF WITNESSES. Stomach diseases, such as indigestion, dyspepsia, etc., are hard to cure with ordinary remedies, but Tyler's Dyspepsia Remedy never fails. Thousands say so who have been cured. If you have a stomach trouble it is your duty to investigate until you find a cure. Send for book of particulars "How to Cure Dyspepsia" to Chas. O. Tyler, Druggist, Atlanta, Ga. Feb. 16, 94.

Some of our citizens are engaged setting out shade trees.

A load of wood or two would be very acceptable at this office just now.

The weather is quite changeable. One day you are sitting and the next you are freezing.

Last Monday after the clouds cleared away it was a beautiful and lovely day, and we fanned our last year's summer slippers and mimicked the mocking bird.

A member was recently turned out of Mill Creek church in this county, in less than an hour from the time he joined, as the association with God's children was of short duration.

Charles Duke and Daniel Grice, formerly of this county, but now of Forsyth, were up on a visit last week. They have been subscribers of the Signal for many years, and a visit from all such are very acceptable.

A married man fifty years of age was dismissed from Mill Creek Church a few days ago, on a charge anti for publication even in the New York Police Gazette. The case will probably find its way in the Superior Court.

The finest of ground peas are grown in Lumpkin county. They are a very profitable product and we cannot see why it is that our farmers do not raise enough to supply the market and keep the merchants from sending off to Atlanta for them. Every effort should be made to keep every cent of money possible at home. We can't say that we don't need it and why let it go away?

The charter of Dalhousie says there shall be four councilmen and a mayor elected on the first Saturday in January of each year to run our municipal affairs, but when those elected were not allowed to take charge, and men appointed will not accept, we don't know what will be the result. Later.

Drs. Wheelock and Jones have accepted, which makes out the full board of councilmen.

Albert Coffey, colored, was unfortunate enough to have his house entered a few days ago, and a razor and some other articles taken therefrom. Walt Ward is charged with the offense. A warrant has been issued and the jail is ready for his reception, but Walter has got wind of it, and if he is caught it will have to be on the wing. Later—Walt was captured Wednesday, and as we go to press arrangements are being made for his trial.

LIFE, HEALTH, STRENGTH. ALEXANDRIA, PA., Feb. 17, 1894. Messrs. Lippman Bros., Savannah, Ga. Dear Sirs—I will write to inform you that I was afflicted with Doud Disease. I tried one bottle of Dr. Orzoff's S. S. S. and it gave me no relief. I was in bed seven months. I tried prominent physicians, and they could not do me any good. I saw your advertisement of Dr. P. P. Ayer's S. S. S. and thought I would try it. The bottle I got tonight makes me feel like a new man, and I have not since and at my business, Inspector. You may publish this if you desire. I have informed my friends that Dr. P. P. Ayer's S. S. S. is life, health and strength.

M. P. BOLDEN. Sold by all Druggists. LIPPMAN BROS., Proprietors and Druggists, Savannah, Ga. DUNSTON, Miss., Dec. 12, 1890. Dr. Orzoff & S. S. S. ROSSMAN, MESSRS LIPPMAN BROS., Savannah, Ga. Hands commenced last Monday cutting a tunnel at the Findley Mine.

Mr. A. G. Wimpy has never recovered his gold watch which was stolen some days ago.

Judge Williams has received the new dockets for Justices of the Peace of the county who are not supplied. Call and get them.

Mr. J. W. Hunsinger has removed his jeweler shop into the store of Mr. J. B. Hatfield in the Meaders building on the public square.

It is with pleasure that we announce this week that Mr. Rice Arrendale of this county, who was so dangerously ill some weeks ago, is up and about again.

Both Miss Amer Worley and Miss Lila Cam are teaching "spay" schools in Dalhousie, which are receiving the support of quite a number of our citizens.

Postmaster Greeley informs us that garden seeds have been received at the office from Hon. F. C. Tate for every one getting their mail at the Dalhousie post office. Call and get them.

The checks for the widows of Confederate soldiers of this county were received by Ordinary Williams last Friday. Those who have not already received them can do so by calling on Judge Williams.

It will be remembered that the board of Lumpkin county contracted with a certain company some months ago for a lot of charts to be used by the teachers of this county, but as the company fails to comply with the contract, the charts will not be accepted.

We are informed that the Signal is the only county paper which reaches Two Run post office. There are numbers of Democrats up there but they are not foolish about it and take the Signal, because it is a good paper and keeps them posted.

We have been promised a letter by one of our subscribers in the near future giving a short history of Dalhousie forty years ago. At a time when there was plenty of money in our mountain city and everything was prosperous and peace and harmony prevailed. Then we had a boom and candy manufactory and packing houses and bacon sold at 1-4 cents per pound and such a thing as a pound and people being afraid of hogs were not even dreamed of.

We are often asked by letter and otherwise, why the school teachers of last year are not all compensated alike. We are not in a position to say, but suppose parties can be informed by the school commissioner or board of education. We did learn last week that Miss Romona Wheelock and Miss Nannie Wheelock had not received a cent for last year's services, and that charges would be preferred against the commissioner, but we suppose he will be ready to give a satisfactory explanation.

The board of education of Lumpkin county was called to convene again last Saturday for the purpose of reconsidering its action in reference to the contest for the public school between Miss Amer Worley and Miss Lizzie Chapman, but as two of the members of the board were absent nothing was done. Another meeting was called to convene next Saturday. We are very sorry this contest has arisen, for it will be like other contests, result in ill feelings, and be the means of many children not going to school, as some of the friends of both parties are contending for their favorite and assert that they will not patronize the school unless they get their choice of teachers, and of course some are bound to be disappointed. It would have been so much better and a great deal more pleasant and harmonious for Dalhousie to have been allowed three schools and each teacher been paid by the average, then all could have been suited.

Prevention Is Better. Many times, and those who are subject to rheumatism can prevent attacks by keeping the blood pure and free from the acid which causes it. I think I have never known a case of rheumatism cured except by the use of Hood's Sarsaparilla as a remedy for rheumatism and catarrh, also for every form of scurfy, salt rheumatism, and other diseases caused by impure blood. It tones and vitalizes the whole system.

Hood's Pills are easy and gentle in effect.

As we go to press it is snowing and cold is no name for it.

Daily mail mail only an hour and a half behind time Wednesday.

Mr. Strouder, of Milwaukee, is here in the interest of Wahl Bros.

Little Lewis, son of L. Q. Meaders, was kicked in the face by a horse last Wednesday, inflicting an ugly wound just below one of his eyes.

Miss Mary Jenkins requests us to state that she is in need of money, and would be glad if those indebted to her would come in and settle off their accounts.

The ad. of the Savannah News got misplaced. Send us another. By the way, the News is one of the best and most reliable newspapers published in the South.

Mr. M. H. Fields of this county, has invented a plow with a seat to it, upon which you sit and plow at the same time. The inventor must do some kind of a shade to it so as to keep the hot sun off the operator. This would break up the Sons of Rest and force the members to give up their charter, and the price of corn and other grain would be as cheap here as it is in the West. Now, if some one would invent a flying machine in which to transport the Gainesville mail, wouldn't we be a happy and prosperous people?

We always give the news, but sometimes we might be considered late in doing so on account of having to give it just as we can catch it on the wing. Last week we stated that there were \$100 in the city treasurer, but since that time we learn that the amount falls considerably below this on account of some one bills that were taken on certain persons who were due city taxes. It is currently reported that one of these due bills is for taxes due by the Hand and Barlow Co. If this is true it is one way of doing business. To sell some little orphan negro children's property for ten cents, and at the same time take a due bill on a Company owning \$60,000 worth of property as appears upon Lumpkin county's tax digest.

The municipal contest will not be carried to the Supreme Court, but what it is confidently believed that the decision of Judge Wellborn would be reversed, but on account of the length of time it would take to reach the case in the Supreme Court. However, the papers will be presented to Judge Wellborn by some of his friends when he visits Dalhousie, for the purpose of showing his Honor that he did err by being misled by papers that are now on file in the Clerk's office at this place.

The Atlanta Journal is getting after the council of that city because a meeting was held last week with closed doors. This is nothing new in Dalhousie. The council always transacts the business of the town in secret session, and you never know whether it is working for or against you. It's nothing unusual to take up a paper and see your property advertised without a moments warning. But it's nothing when you get used to it. All you ascertain here is when the body takes the oath of office, and when the members vacate their seats. It's true the citizens of our town have just as much right to be present at these meetings as at any court, but this is forbidden.

The Yahoola and Hand mills were closed down last week by authority of the president of the Hand Gold Mining Company; also the operations of Messrs. Howell, Jackson and Hatfield. It was not because these mines were not paying, but owing to the exaggerated reports that reached Mr. Vardaman of the robbing of the Yahoola and Hand mills which occurred a few nights ago. The plates at both mills had been scraped and everything cleaned up on the evening before the robbing occurred that night, and the amount of gold couldn't have been very much, but nevertheless the report that went out had an effect to the contrary.

It is a result is that the last two mills belonging to the Company are now idle and quite a number of hands are thrown out of employment. Messrs. Howell, Hatfield and Jackson cleaned up 96 pennyweights at their last heating.

W. H. Satterfield lost twelve hogs last Wednesday from cholera.

Lewis Prewitt mashed his hand pretty badly at the Lockhart mill Friday. Lewis lost no time by the accident.

Some one who liked nice Jersey hams removed one from Marshal Anderson's residence a few nights ago without the owners permission.

John Quincy Adams, a little boy of Mr. and Mrs. H. H. Thomas, was scalded a few days ago, by some accident about the stove. Nothing serious, however.

Joseph Chester of Fannin county, was brought in by Marshal Harrison first of the week, charged with "moonshining." His trial was postponed until next week.

More news.—Subscribers received this week. There is room on our mailing list for others. So send in a \$1 if you want to read the Signal. The free distribution has been discontinued long since.

The Turkey Hill Gold Mining Co. has purchased the remaining ten stamps of the Columbia mill in sight of Dalhousie, and will remove and erect it on its property a few miles from Auraria right away.

Charlie McAffee, of Dalhousie, was married to Miss Mollie Shortt in White county Thursday night of last week. Squire James S. Offenberg. We wish the young couple a happy voyage through life.

Gov. Thomas M. located him a ranch in South Carolina, Lumpkin county, just back and to the left of Crown Hill, at the head of Rattle Snake Branch, where he is engaged clearing up land to make corn. His slaughter pen is over there and his hogs will do well on acorns.

Col. Linderman, who was "worth his weight in gold" in helping to elect an all-Indian to the legislature from this county a few years ago, was heard from this week. He was in Philadelphia and "right side up with care." He sends his best wishes to friends in Dalhousie.

Galet Oats on entering

THE DAHLONEGA SIGNAL

IS PUBLISHED EVERY FRIDAY
BY J. W. WOODWARD,

TERMS:
12 Months \$1.00
6 Months 50

DRUGS! Do You Ride a Victor?

If you ride why not ride the best? There is but one best and it's a Victor.

OVERMAN WHEEL CO.

BOSTON, WASHINGTON, DENVER, SAN FRANCISCO.

Love and Laughter.

Laugh, and the world laughs with you; Weep, and you weep alone;

This grand old world must borrow its mirth, But stick from within to you.

It has troubles enough of its own. Sigh, it is lost on the air;

The echoes hound to a joyful sound, But stick from within to you.

Be glad, and your friends are many; Be sad, and you lose them all.

There are none to decline your nearest wine, But alone you must drink life's gall.

There is room in the halls of pleasure For a long and a lordly train,

But one by one must all die on the floor, Through the narrow aisles of pain.

Feast, and your halls are crowded; Fast, and the world goes by;

Succeed and give, it will help you live; But no man can help you die.

Rejoice, and men will seek you; Grieve, and they turn and go;

They want full measure of all your pleasure, But they do not want you woe.

A Faded Valentine.

TO AN UNFORGETTEN ONE.

Long ago I learned the story, That sweet story old,

Tell upon my life the glory Like a blast of gold.

That is why my heartstrings broken Still in fondness tremble,

Close around this, love's sweet token, Faded Valentine!

When that broad and winding river Through the valleys flows,

And the west winds softly quiver, New the vanish comes,

Rises up in all its gladness Like a dream divine.

As I read these in my sadness, Faded Valentine!

Once again the love-light tender In her laughing eyes

Shines as about the stars in splendor And in those summer skies,

And the timid birds are singing On the budding vine.

On the budding vine, Faded Valentine!

Seems of rapture long departed Never to return.

Though I wander broken hearted By life's shattered sun,

Still those memories are thronging In life's dream decline.

Buried joys and hopeless longing, Faded Valentine!

Conversation.

One great element of power in conversation is to be ever at your best.

Never lose sight of your aim. The mind should be trained to be equal to any conversation.

The exercises in reading and observation, the classifying constantly of every thought, gives prepared material now ready for use on the instant. This mental training teaches one how to question, how to answer so that even if it be a new subject we should have power to grasp essentials, save our lack of knowledge in true perspective, and formulate it instantly into a series of questions and suggestions.

Questions and suggestions are the switches in conversations. Few can ask a good question, one that pierces the heart of the issue; few can discriminate between words in the delivery of their meaning and color; few can describe a scene, a place, a building, or an incident; few can give a good, clear, telling illustration.

One lack in conversation to-day is ideas—clear, defined individual ideas. Originality is the outward manifestation of strong individuality. Originality may be developed.

Needless to say, or children who want to learn, BROWN'S IRON BITTERS.
